ELLEN TRACY

ELLEN TRACY

The Ellen Tracy woman is dressed with confidence and flair for her work in the world.

Her style is statement making and put together, sophisticated and spirited, flattering and feminine.

She's a muse, a doer, an achiever at work in the world.

She is radiant, full of life and happy with her self.

She is the right amount of bold.

She is drawn to that which is genuine and timeless, yet still original and unexpected, able to offer a wink.

To her, style is as much about how she lives her life as how she dresses for it. Her whole life is her masterpiece.

Oriental, Woody

This enticing, distinctive fragrance opens with the vibrant warmth of Cinnamon and the gourmand fruitiness of juicy Peach.
